First Aid at Work	3
Paediatric First Aid	22

Coordinator:

The Executive Headteacher and HSO are responsible for overseeing the arrangements for first aid within the school. The co-ordination of first aid arrangements on a day-to-day basis and the booking of training is managed by **the Office Manager**. The duties include ensuring:-

- that a sufficient number of personnel are trained in first aid procedures
- that first aid qualifications are, and remain, current
- Maintaining an up to date list of training in the training file.

First aid logs are checked for indications of recurrent or frequently reported types of injury.

The appointed First Aider (**Tina Venton**) for the school is responsible for ensuring:-

- That first aid equipment is available at strategic points in the school - The First Aid room is in the main corridor from the library. All classrooms have a first aid bum bag
- That the correct level of first aid equipment is maintained in each first aid box

First Aiders

All year groups have at least one first aider (staff member) working in them at all times. The school aims to train all staff in emergency first aid. New staff are added to the rolling programme of trainees. Refresher training is provided in line with guidance.

First Aiders will provide first aid treatment for anyone injured on site during the school day. They will also provide, as appropriate, first aid cover for

- trips and visits

First Aiders are also responsible for replenishing first aid kits should equipment be used. Logs will be analysed at the end of every term.

Treatment of Injuries

The School will rely on the knowledge and experience of its trained first aiders in order to administer appropriate treatment to injured persons.

In emergency situations, the first aider will call (or will instruct another member of staff to call) 999 and request that an ambulance and paramedics attend.

Where there is any doubt about the appropriate course of action, the first aider will be expected to consult with the Health Service helpline and in the case of pupil injuries, with the parents or carers.

NHS HELPLINE: 111

Suspected Head, Neck & Spinal Injuries to Pupils

In the event of **any** knock or cut to the head, or a suspected neck or spinal injury to a pupil it is the policy of this school, in addition to the normal first aid procedures, that the pupil's parent/carer is contacted and informed of the injury.

The attending first aider will complete the accident/head injury first aid form and then call the parent or carer. The attending first aider will inform the parents/carers that it is school policy to inform of any head injury and relay to the parents/carers how the injured child is presenting. The parents/carers will be invited to attend school to check the child should they wish.

In any case where there is any doubt about the pupil's wellbeing, the first aider is expected to contact NHS Helpline for advice or call an ambulance as appropriate.

Other Significant Injuries

Any other serious injury will be notified to the parents/carers by the quickest means possible (normally by phone).

In addition to the procedures above, the school will notify parents/carers of any other significant injury by way of a telephone call.

Records of notification by telephone to parents/carers will be kept by the Office Manager. Copies of written notification are held in the school office.

Escorting Pupils to Hospital

When it is necessary for a pupil to be taken to hospital, they will be accompanied by a member of staff – unless the pupil's parent or carer is in attendance.

If travelling in a member of staff's car, two adults must be present, the driver plus one other. Appropriate insurance will always be in place.

The member of staff will stay with the pupil until a parent or carer arrives and responsibility is handed over.

7. Pupils with Medical Needs

The school recognises that it has a responsibility to support pupils with medical needs. The school follows the Department for Education's guidance on managing medicines in schools and early years settings:-

(https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/484418/supporting-pupils-at-school-with-medical-conditions.pdf)

Responsible Person

The **SENDCo, Becky Edwards**, is responsible for ensuring that the arrangements below are effectively implemented and maintained.

Medicine in School

Medicines will only be administered at school when it would be detrimental to a pupil's health not to do so. The school will store and dispense medication to students as long as:-

- It is prescription medication which has been prescribed by a medical practitioner with written instructions for its use; or
- It is non-prescription medication which has been supplied by the parent/carer with written instructions for its use; and
- Written parental consent has been given.

The school has an emergency Salbutamol inhaler, kept in the school office, for those children identified as asthmatic on the school Asthma Care Plan.

Medication brought into school must be clearly labelled with the pupil's name, dosage, method of administration and be in-date.

Medication will be available to identified pupils at all times of the school day.

Dispensing of Medicine

All requests for the dispensing of medication must be accompanied by a consent form completed, signed and dated by the pupil's parent or carer. If it is in relation to an ongoing medical condition, the **Supporting pupils with medical conditions policy** is followed. If it is a one off medication such as calpol, antihistamine etc, the procedure below is followed.

A member of the admin team is responsible for receiving medicines, checking consent and dose information, checking "use-by" dates and dispensing medication.

Another member of the admin team will deputise where necessary.

All medication will be kept in the following secure location:-

Filing cabinet in office (or medical fridge in staffroom for medication requiring to be chilled).

Medication for personal use by members of staff must also be kept in a secure location. E.g. handbags containing such items must be locked away in classroom cupboards and not be left in the classroom where pupils could gain access to them.

Medical Log

Consent forms will be kept in the Medical Log and will be kept for the duration of the pupil's attendance at the school.

The Medical Log will also contain a log of medications dispensed which will include:-

- name of pupil
- name of medication
- 'use-by' date
- dose
- time
- date
- signature of dispenser
- Witness name and signature
- comments/reactions
- date and time of last administration of medicine (this is to ensure that an overdose is not given and is a change following training received in September 2019)

Medical Procedures

The school has provided a suitable place for the dispensing/application of medicines. Where necessary, arrangements have been made for pupils with particular conditions and these are detailed in individual care-plans.

Off Site Activities

The school has a policy and procedure for off-site activities which includes the assessment of medical needs of all involved in the trip.

Self-Management of Medication

In certain circumstances the school will allow pupils to manage their own medication. In each case this will be discussed with the parent/carer and appropriate health professionals - and an assessment of risk will be completed.

The assessment of risk will include an evaluation of the risk to the student and others through inappropriate use of the medication, loss of the medication or failure to take the medication

Emergency Asthma Kits

This school's procedures for managing the use of the emergency asthma kit is based on Department of Health guidance:-

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/350640/guidance_on_use_of_emergency_inhalers_in_schools_September_2014_3_.pdf

Staff authorised to dispense this medication have read the above guidance and have been given instruction in the recognition of the symptoms of an asthma attack and the appropriate procedures to follow.

The emergency inhaler contains Salbutamol and will only be available to pupils who have been:

- diagnosed with asthma and prescribed an inhaler OR
- prescribed an inhaler as reliever medication
- have an asthma care plan (completed by parents/carers)

In addition, parental/carer consent must be obtained for use of the emergency inhaler. The school keeps a register of pupils who have been diagnosed with asthma or prescribed a reliever inhaler.

The emergency asthma kit will be stored and managed in the same way as any other prescription medication following the procedures above.

Training

The responsible person (**Rebecca Edwards SENCO**) will ensure that sufficient staff are suitably trained in the administration of medication and support of pupils with medical needs.

The responsible person will keep a record of all medical needs training.

Sharing of Information

The responsible person (**Rebecca Edwards SENCO**) will ensure that relevant staff are made aware of any pupil's medical condition. This information will include, where appropriate:-

- Medical condition
- Side effects of medication
- Signs and symptoms
- Modifications and allowances

The responsible person will also ensure that relevant information is shared with cover staff etc.

Individual Healthcare Plans

The responsible person (**Rebecca Edwards SENCO**) will work with (or identify an appropriate member of staff to work with) healthcare professionals and parent/carers to establish an effective healthcare plans where appropriate.

Healthcare plans will be reviewed if there is reason to suspect that the plan is no longer appropriate and at least annually. A healthcare plan review can be initiated by the school, healthcare professional or the parents/carers.

Risk Assessment

In addition to the healthcare plan the school will carry out individual risk assessments for any student where the student's medical needs introduce new risks to an activity or increase existing risks. This will include (but may not be limited to) individual risk assessments for off-site activities, sporting activities and practical lessons.

Risk assessment for off-site activities, in particular, will include consideration of:-

- Access to medication
- Appropriate storage of medication
- Staff training in administration of medication
- Emergency procedures

Unacceptable practice

To prevent unacceptable practice, the responsible person will ensure that:-

- Pupils have access to their medication at all times during the school day or during educational activities off-site.
- Healthcare plans reflect the needs of the student and take into account the views of parents/carers and advice of healthcare professionals
- Every effort is made to ensure that students with medical needs are able to stay in school for normal school activities (including lunch) unless there is a specific reason detailed in their healthcare plan not to do so.
- If the pupil becomes ill; ensure that he/she is accompanied to the school office/medical room by an appropriate person.
- Pupils with medical needs are not penalised in their attendance record if their absences are related to their medical condition, hospital appointments, etc.
- Toilet, food and drink breaks are provided where necessary in order to manage a pupil's medical condition.
- Arrangements for administering medication do not include the need for parent/carers to attend school.
- Every effort is made to ensure that pupils with medical needs are able to take part in every aspect of school life including off-site activities, sporting events and practical lessons.

Complaints

Parents/carers are encouraged to contact the Executive Headteacher if they are concerned or dissatisfied in any way with the support provided by the school for a pupil with medical needs.

If concerns cannot be resolved in this manner, parents/carers can follow the school's complaint procedure.

Where the description of the accident/incident meets the criteria set out in RIDDOR a report will be sent to the Health and Safety Executive.

Any minor accident/incident which does not meet the above criteria will be recorded on a simple "Day-Log" which will be kept in the school.

Near Misses

Where an incident occurs which could have resulted in potential injury – but didn't – a record will be kept in a Near Miss Log.

The Near Miss Log is kept in the back of the Accident Folder in the first aid room.
The Near Miss Log will be reviewed periodically by the Headteacher in order to identify any areas of concern which may require attention.

Reporting Timescales

	Reporting timescale

Accident/Incident Investigation

All reports submitted via the Online Accident Reporting System are reviewed by the Health Safety and Wellbeing Services Team of Cornwall Council.

The Health Safety and Wellbeing Services Team will recommend an independent investigation of the accident/incident if the review indicates a need. The Headteacher will undertake this.

Accidents Reportable to the Health and Safety Executive

Reports of fatalities, major accidents and over-three-day incidents are automatically forwarded to the Health and Safety Executive (HSE) by the on-line system as required by the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR). The Council's Health and Safety Services section will liaise with the HSE on these incidents.

9. Training

Identification of Training Needs

The school will carry out an evaluation of the health and safety training needs of staff. The Cornwall Council Training Matrix for Schools and Other Educational Establishments will be used as the starting point of this evaluation.

In addition, any hazardous substances or preparations being used by visiting artists, crafters, etc. must have appropriate COSHH assessments before being used in the school.

14. Display Screen Equipment

Workstation Assessment

The Trust DSE Assessor is responsible for overseeing the assessment of all display screen equipment (DSE) used by people at work (i.e. excluding pupil workstations) to ensure that it is suitable for the task and complies with legislation and the relevant British Standards.

Direct supervision will not be necessary where the area of work is physically separate from the school (for example: where there is construction on site).

Construction Works

For all construction works (other than minor maintenance works) the area under construction will be physically separated from the rest of the school and will be out-of-bounds to all non-construction workers except for the purposes of contract management. Construction Design and Maintenance Regulations will be managed by the Trust Estates Lead.

17. Personal Protective Equipment

School Responsibilities

Personal protective equipment (PPE) will be supplied to control hazards only as a last resort – i.e. where the hazard cannot be removed or reduced to an acceptable level of risk by other means.

Where provided, the school has a duty to ensure that PPE is used effectively. Managers will be expected to monitor the use of PPE and enforce its use where necessary.

Assessment of Need

The need for PPE will be determined during the Risk or COSHH Assessment process. Where identified as necessary PPE will be provided without cost to staff or students.

Purchase and Storage of PPE

The Head of School will be responsible for ensuring that PPE is of the correct type, is suitable for the purpose and of the correct size to ensure that the fit is comfortable for the wearer and takes account of any health or medical conditions. Where PPE is required or offered, guidance on the correct use is provided.

In addition the Head of School will ensure that suitable arrangements are in place for the storage, cleaning and replacement of PPE.

Staff and Pupil Responsibilities

When issued with PPE, staff and pupils are required to wear it correctly. Staff must take all reasonable precautions to ensure that PPE is stored and maintained properly.

18. Working Alone

It is recognised that, from time to time, it may be necessary for school staff to work in situations or locations which are remote from other members of staff. This will include staff working in the evenings, weekends or during the holiday in the school on their own.

In such circumstances, the school will assess the risk to these individuals and will introduce suitable controls to ensure that all risks are minimised. A copy of the procedures introduced to control these risks will be kept in the Risk Assessment folder.

Any staff wishing to work outside normal school hours must have prior agreement/permission from the Head of School.

19. School Security

The Site Supervisor is the appointed person who is responsible for the security of the site at the end of the day by ensuring that doors, windows, skylight etc. are secured.

School Staff Responding to Call-Outs

Staff nominated as out-of-hours key holders are sometimes required to attend site following the activation of the alarm. When they are called out, they will not know what situation they will find and consequently systems need to be established which reduce the potential for them to be harmed.

It is considered that it is foreseeable that when attending a call out there is a potential for injury due to assault (which is rare) or as the consequence of an accident.

Will Thomas, Lindsey Mackenzie, Susanne James & Jo Olds are the school's nominated representatives who will respond in an out-of-hours call out.

The school will assess the risks to these individuals and introduce suitable control measures to ensure that all risks are minimised.

Call Out Arrangements

The school has call out arrangements that will reduce the possibility of injury to staff and which ensure that if an incident occurs support will be provided.

Security Firm Personnel Attendance

Having a contract with a security firm who will respond to alarm activations without recourse to a school key holder. Staff key holders if those attending site feel this is necessary.

20. Violence

Zero Tolerance

Violence is not tolerated in this school. Action and the appropriate sanctions will be taken against the perpetrator of any violence towards staff, pupils, volunteers, contractors, or visitors to this school. Our code of conduct is published on the school website.

Violence towards Staff

Violence towards staff from other members of staff, visitors, volunteers, contractors, or members of the public will be reported to the police.

Violence towards staff from pupils will be dealt with using the school's internal disciplinary procedures (which may include police involvement where appropriate).

Violence towards Visitors

Violence towards visitors will be reported to the police.

Violence towards Pupils

Violence between pupils will normally be dealt with using the school's internal disciplinary procedures (which may include police involvement where appropriate).

Violence towards pupils from staff, visitors, volunteers, contractors or members of the public will be reported to the police.

Responsible Person

Lindsey Mackenzie is responsible for ensuring that all:-

- Staff are aware of the policy and procedures for dealing with violent incidents
- Staff have received instruction in procedures/techniques for avoiding violence at work
- Staff are aware of the procedures for reporting violent incidents
- Incidents of physical and verbal abuse are recorded using the Online Accident Reporting System

Team Teach

Team Teach is a training package for staff utilising de-escalation and positive handling strategies to support a child when they are in a crisis situation.

21. Working at Height

When working at height, the correct equipment should be used at all times to mitigate the potential risk to health and safety. Each classroom has a footstool that can be used. Staff should not climb on chairs or furniture.

No working at height should be undertaken when working alone.

Equipment should meet the Class 1 or 2 standard:

Max Safe Working Load: 175 Kg (27.5 st) for Class 1 and 150 Kg for Class 2. For daily use where onerous conditions of use, carriage & storage occur.

Any un-safe equipment or concerns about equipment should be reported to the appropriate Site Manager as soon as possible, and where equipment is damaged taken out of use immediately.

Ladders should be stored in a secure manner such as to prevent unauthorised use and are regularly reviewed. Working at height training is provided on SmartLog for those personnel that are authorised to use ladders.

Staff should use a dynamic risk assessment of the work to be undertaken at height. If staff are unsure of what is the right equipment to use advice should be sought from the HSO.

Mobile towers are only to be used by staff who have completed the working at height training course and any excessive high-level work must only be undertaken by fully trained staff.

Lindsey Mackenzie and/or other members of SLT (Fire Wardens) will check the building communicating using 2-way radios for signs of fire/alarm activation referring to the Zones board located in the main foyer alongside the Fire board.

Lindsey Mackenzie and/or SLT will check the building and wait to greet the Fire Brigade at the main entrance.

The member of staff discovering a fire must report the fire to the school office by telephone immediately. The office will inform the fire brigade by dialling **999**. The Designated Fire Warden(s) will await the arrival of the Fire Brigade outside the main entrance with the **Red Fire Folder located in the Office. The Fire Panel must not be reset before the Fire Brigade arrive.**
