

Pupil premium strategy statement – Sky Primary and Eden Project Nursery

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our children who experience under resourced backgrounds.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for children who experience under resourced backgrounds we hope for across this academic year.

School overview

Detail	Data	
	2022-23	2023-24
Number of children in school	13 +12 N	32 + 18 N
Proportion (%) of pupil premium eligible children	23%	16%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022-2025	
Date this statement was published	December 2	2023
Date on which it will be reviewed	September	2023
Statement authorised by	Emma Vyvy Headteache	
Pupil premium lead	Emma Vyvy	an

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£2908
Recovery premium funding allocation this academic year	£2000
Pupil premium funding carried forward from previous years	£0
Total budget for this academic year	£3408

Part A: Pupil premium strategy plan

Statement of intent

Our core aim is to offer an exceptional experience with learning beyond the classroom at the heart of all we do, and to ensure that every child is supported to succeed and flourish.

We aim to ensure that all children, whatever their starting point, background or challenges they face, are supported to make **good progress and achieve well across the curriculum**. The core purpose of this strategy is to ensure that our children with under resourced backgrounds are supported to achieve this aim.

Through this strategy and our wider school improvement plan we will work to understand better and **break down the barriers** faced by our under resourced background and vulnerable children and enable academic progress, focusing on reading, writing and maths for all.

Quality first teaching (that this inclusive approach happens at the point of learning) is at the centre of our approach and is reflected in the intentions of our wider school improvement plan. Ensuring that this is the best it can be is proven to have the greatest impact on closing the attainment gap between under resourced background children and their peers whilst at the same time benefitting all children and therefore sustaining the progress they make.

Through our **curriculum** offer - nature inspired curriculum; learning beyond the class-room; real life and relevant learning; celebrating our sense of place locally and globally and our unique partnership with Eden Project, we aim to provide our children with a **rich**, **broad and balanced curriculum** offer which will inspire them to learn and thus lead to good attendance. Through our curriculum and the wider experiences and opportunities it offers, children will be afforded opportunities to develop academically, personally and socially.

This strategy must be **responsive** and adapt to meet the changing and developing needs of our school community. To ensure that we remain focused on moving forward we will apply our school's robust and comprehensive approach to monitoring and assessment to ensure that strategies adopted are evaluated as we continue to aim for the best for our children. We also recognise that not all pupils who experience under resourced backgrounds are registered or qualify for free school meals. We therefore allocate Pupil Premium funding to support any pupil for groups that the School has legitimately identified as having experience of under resourced backgrounds.

This details the key challenges to achievement that we have identified among our under resourced background children.

Challenge number	Detail of challenge
1	Personal, Social and Emotional Needs
	Assessments, observations and wider school monitoring shows that children (particularly our most under resourced backgrounds) need support with personal, social and emotional needs. Some children may not have been able to experience usual age opportunities, some may have SLCN needs.
2	Developing a Love of Reading
	Reading is at the core of our work as a school and as such we have identified that our children who experience under resourced backgrounds often need more support to engage. We want our children to experience rich and diverse books, develop a love and understanding of authors and simply get lost in a book. We provide access to quality books to share at home from Nursery age upwards. Our Boomreader App encourages families to engage and record their reading at home. Our most under resourced background experienced children and their families may need support with this and through our whole-school reading strategy, we are putting all children, particularly our most disadvantaged, at the centre of this work.
3	Cultural Capital, Aspirations and Enriching Life Experiences
	We know that all families may have been hit hard by the cost of living crisis and we know that life can be challenging for many of our families. We know that not all children may have equal and fair access to experiences that create life-long memories, develop life skills and encourage our children to be the best they can be.
4	Oracy Skills
	We have identified that some of our children's oracy skills need support to develop further. This is important as we know that purposeful talk can improve outcomes and also lead to children developing greater confidence to talk about themselves and others thus increasing their emotional literacy.
5	Writing Skills
	We have observed children show writing skills require development across age ranges and some children may experience lower stamina, therefore children' learning incorporates a motivating curriculum to build interest and resilience in learning

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils will make accelerated progress in reading and attainment levels will be at least in line with the national average	Phonics screening test results will be at least in line with national averages. More pupils who do not achieve GLD in EYFS will go onto achieve age related expectations in reading at the end of KS 1. Pupils will be able to successfully apply their reading skills across the wider curriculum
Pupils will make accelerated progress in reading and attainment levels will be at least in line with the national average	More pupils who do not achieve GLD will go on to achieve phonics screening check at end of KS1; pupils will be able to write at length, across the curriculum, to support their learning
Our curriculum is aspirational, immersive and provides motivational learning opportunities	Our children develop higher level vocabulary, have a variety of opportunities to engage them in learning providing them with meaningful participation experiences and interactions. This front loaded learning encourages vocabulary rich talk and deepens the children's sense of connection – we never assume that our children have access to or have experienced our local place, community or landscapes. From family feedback we know that our curriculum creates curiosity, connection outside school and conversation, thoughts and opinions – developing important oracy skills and confidence for life.
To maintain improved and supported well-being for all children in our school.	Children are confident and can articulate where they can get support: well-being resources, trusted adults, resources, home. Families are supported to provide their child with support through signposting, resources and Family Cake and Chat sessions to enable community building/networking. Children, as identified, access a range of interventions led by trained staff linked to support wellbeing.

	Pupil voice conversations (and use of Motional) reflect their wellbeing being good and well supported. Colleagues' practice is developed further through our work as a Relational Approach School – use of Motional as assessment and interventions. Behaviour standards remain good and relationships between peers are strong.
Children make good progress across the curriculum.	The gaps in attainment between PP (children who experience under resourced backgrounds) and non-PP children closes. This is monitored through summative and formative assessments. Learning outcomes reflect quality learning showing our core values of achievement, aspiration and creativity in action. Assessment tracking enables us to identify gaps and close them through in the moment teaching et al. Children are at least in line with AREs
Children achieve and maintain standards in reading reinforced by a love of reading leading to high levels of engagement.	Pupil conferencing shows that there is a maintained and increased level of enjoyment in reading. Standards in reading are improved across the school and good progress is made. This is seen in summative and formative assessments. Families engage in sharing books and use Boomreader to comment. Nursery families are engaged in our Reading for Pleasure sharing story books at home too.
Improved oral and language skills and vocabulary among all pupils, particularly our children who experience under resourced backgrounds.	Assessments and observations show improved oral language among all pupils, particularly our children who experience under resourced backgrounds. Through triangulation, this is evidenced through outcomes, engagement in lessons and Voice 21 assessment. Wellcome Pack resources show positive progress from interventions in place.
Attendance levels are maintained and the attendance for children who experience under resourced backgrounds is improved. Attendance is	Whole-school attendance levels are good. The gap between PP and non-PP children closes.

at least in line with the national average of 95%	Offer and attendance at Breakfast Club and Stay and Play Club reflects positive results, reducing lateness.
	Attendance is rigorously monitored and swift action taken in supportive conversations with families – every child, on time, every day, learning ready
Families are supported to engage with	Families are supported to attend events
school and do so.	at school and engage with school staff in
	conversations and activities to support
	children's learning and wellbeing.
	Great Works events and Friends of Sky.
	Transport, timings and dates of events are
	carefully considered to enable
	attendance and participation. Our sense
	of community is further supported by our
	Friends of Sky who encourage belonging
	support and involvement.

Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 1800

Activity	Evidence that supports this approach	Challenge number(s) addressed
Reading CPD – early reading (Read Write Inc., a DfE validated systematic synthetic phonics programme)- subscription for online resources and parent portal	<u>DfE – The Reading Framework</u> <u>Phonics – Toolkit Strand – EEF</u>	2,4
Intervention, whole- school approach and continued monitoring.		

Boomreader App engagement and progress tracking – subscription		
The Write Stuff – subscription, resources and training Enriching texts across all genres – curriculum linked and Reading for Pleasure		
Clear commitment to continual professional development (CPD) from our Trust and external partners and agencies. Leaders provided with time to be trained, disseminate and follow-up impact. Eden Partnership CPD programme. Relational Approach CPD	Sutton Trust – quality first teaching has direct impact on outcomes	All aspects
Focus on quality first teaching to ensure that learning is engaging, pupils are supported to achieve well and good progress is made across the curriculum.	EEF guide to pupil premium – tiered approach (point 1). Sutton Trust – quality first teaching has direct impact on outcomes	2,3,4

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ 500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Reading Interventions for those pupils who	EEF – Tuition and Group	2,4

are within the lower 20% through the RWI programme.	Teaching Intervention DfE criteria	
Targeted interventions in place to support academic and pastoral needs	EEF – Social and Emotional Learning	1,3
Assessment/activities using Motional SEMH group and individual snapshots	Various neuroscience and child development research based information	1
Wellcome Pack and Big Book of Ideas – SLCN toolkit	Phonics – Toolkit Strand – EEF EEF – Tuition and Group Teaching Intervention	

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 1108

Activity	Evidence that supports this approach	Challenge number(s) addressed
Nature inspired learning opportunities and enriched outdoor environment. Purchase of equipment to enable participation	EEF Outdoor learning opportunities	All aspects
Further embed our PSHE curriculum where well-being, safety and awareness of self, others and the wider world is a core theme.	EEF – Improving social and emotional learning in schools Zones of Regulation	1,3
Access to daily Breakfast and Stay and Play Club	EEF – Attendance Interventions https://d2tic4wvo1iusb.cloud-front.net/documents/pages/Attend-ance-REA-report.pdf?v=1670404090	

Total budgeted cost: £ 3408

Part B: Review of the previous academic year

Outcomes for disadvantaged children

We opened our school in September 2022 so in due course please see strategy review on our website for full evaluation of academic year 2022/23.

Pupil Premium Attendance Data

	2022-23	2023-24 (1.12.23)	
PP	93.2%	93%	
Non PP	95.9%	96.9%	

1 **Intended outcome** Pupils will make accelerated progress in reading and attainment levels will be at least in line with the national average

Success criteria Phonics screening test results will be at least in line with national averages. More pupils who do not achieve GLD in EYFS will go onto achieve age related expectations in reading at the end of KS 1. Pupils will be able to successfully apply their reading skills across the wider curriculum

Evaluation – all children on track with RWInc; 67% GLD; Priorities for 23-24 – more pupils who do not achieve GLD in EYFS will go onto to achieve ARE in reading at end of KS1 and PSC

2 Intended outcome Our curriculum is aspirational, immersive and provides motivational learning opportunities

Success criteria Our children develop higher level vocabulary, have a variety of opportunities to engage them in learning providing them with meaningful participation experiences and interactions. This front loaded learning encourages vocabulary rich talk and deepens the children's sense of connection – we never assume that our children have access to or have experienced our local place, community or landscapes. From family feedback we know that our curriculum creates curiosity, connection outside school and conversation, thoughts and opinions – developing important oracy skills and confidence for life.

Evaluation – pupils are positive about their learning – collated through pupil voice; Priorities for 23-24 – CPD for staff in Voice 21 to raise quality talk and thinking across the curriculum

3 Intended outcome To maintain improved and supported well-being for all children in our school.

Success criteria Children are confident and can articulate where they can get support: well-being resources, trusted adults, resources, home.

Families are supported to provide their child with support through signposting, resources and Family Cake and Chat sessions to enable community building/networking.

Children, as identified, access a range of interventions led by trained staff linked to support wellbeing.

Pupil voice conversations (and use of Motional) reflect their wellbeing being good and well supported.

Colleagues' practice is developed further through our work as a Relational Approach School – use of Motional as assessment and interventions.

Behaviour standards remain good and relationships between peers are strong. Evaluation – Pupils social/emotional skills increased, assessments conducted via Motional Priorities for 23-24 – resilience, independence skills developed to reduce any lost learning time e.g. transitions

4 Intended outcome Children make good progress across the curriculum.

Success criteria The gaps in attainment between PP (children who experience disadvantage) and non-PP children closes. This is monitored through summative and formative assessments.

Learning outcomes reflect quality learning showing our core values of achievement, aspiration and creativity in action. Assessment tracking enables us to identify gaps and close them through in the moment teaching et al. Children are at least in line with AREs Evaluation – 67% children achieved GLD Priorities 23-24 all PP children achieve GLD using forensic assessment to rapidly close gaps in learning; focus on SLCN using Voice 21, Language Link interventions and RWInc 1:1 tutoring

5 Intended outcome Children achieve and maintain standards in reading reinforced by a love of reading leading to high levels of engagement.

Success criteria Pupil conferencing shows that there is a maintained and increased level of enjoyment in reading.

Standards in reading are improved across the school and good progress is made. This is seen in summative and formative assessments.

Families engage in sharing books and use Boomreader to comment.

Nursery families are engaged in our Reading for Pleasure sharing story books at home too.

Evaluation – language link implemented in Reception, investment in quality books with children's book choice talk increased, Boomreader to engage families in reading Priorities 23-24 – raise profile of RfP, Family cake and Chat sessions, RWInc CPD and Development Days, online assessment plus Trust training – all staff

6 Intended outcome Improved oral and language skills and vocabulary among all pupils, particularly our children who experience under resourced backgrounds.

Success criteria Assessments and observations show improved oral language among all pupils, particularly our children who experience under resourced backgrounds. Through triangulation, this is evidenced through outcomes, engagement in lessons and Voice 21 assessment.

Wellcome Pack resources show positive progress from interventions in place. Evaluation – Language Link identified development needs, GLDs show learning areas below in processing language Priorities 23-24 – Voice 21 CPD and implementation for quality talk and thinking, focus on vocab and quality reading texts across curriculum

7 **Intended outcome** Attendance levels are maintained and the attendance of disadvantaged children is improved. Attendance is at least in line with the national average of 95%

Success criteria Whole-school attendance levels are good.

The gap between PP and non-PP children closes.

Offer and attendance at Breakfast Club and Stay and Play Club reflects positive results, reducing lateness.

Attendance is rigorously monitored and swift action taken in supportive conversations with families – every child, on time, every day, learning ready

Evaluation – KL Trust attendance strategy implemented for all children, supportive approach for families building confidence in EYFS attending, children want to be at school Priorities 23-24 – continue to support families and promote value and importance of high attendance lost learning time, missed opportunities, reduce time with friends

8 Intended outcome Families are supported to engage with school and do so.

Success criteria Families are supported to attend events at school and engage with school staff in conversations and activities to support children's learning and wellbeing. Great Works events and Friends of Sky. Transport, timings and dates of events are carefully considered to enable attendance and participation. Our sense of community is further supported by our Friends of Sky who encourage belonging support and involvement.

Evaluation – good attendance at school events, positive feedback from social media platforms and family Trust survey Summer '23 Priorities 23-24 – continue to communicate shared learning opportunities and enable all families to attend – events at different times to ensure working adults can attend

Externally provided programmes

Programme	Provider
Ruth Miskin Literacy	RWInc
Jigsaw PSHE	Jigsaw PSHE Ltd – Jan Lever Group
Motional	The Motional Solution

Speech and Language Sessions	MableTherapy
Voice 21	Cambridge Oracy Project
The Write Stuff	Jane Considine, The Training Space

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following
information: How our service pupil premium allocation was spent last academic
year
n/a
The impact of that spending on service pupil premium eligible children
n/a

Further information (optional)

We focus on the whole child, for every child, when we review and evaluate each child's progress and provision.

Through our Pupil Progress meetings, we ensure that there is regular tracking of impact and planning of next steps for every child, with a focus for our children who under resourced backgrounds. Within these meetings we look at successes and barriers for all which includes attendance, pastoral needs, academic progress and other contextual factors.

To ensure that our whole staff team know our children well and know what barriers they might face, we use context information to ensure that medical, pastoral, academic etc. needs are up to date, thus informing our provision for each child.

Looking at the whole child helps us to ensure that we achieve our aim of ensuring that all children in our care experience a varied, aspirational, challenging and enriching curriculum – we want to instil a passion for life long learning at Sky Primary and Eden Project Nursery.
