Version:	2024
Date adopted by Governors:	October 2024
Scheduled review date:	October 2025
Statutory or Best Practice policy:	Statutory
Appendices:	No
School or Trust policy:	School

Meeting your communication needs:

We want to ensure that your needs are met. If you would like this information in any other format, please contact us on 01841 520683 or email stmerryn@kernowlearning.co.uk

At St. Merryn school we strive to support all children to enable them to reach their full potential. We believe that all teachers are teachers of children with special needs and, as such, we believe that quality first teaching is vital. However, we also realise that for some children, further additional support may be needed to enable them to achieve their targets.

At St. Merryn School the Special Needs Coordinator is:

Mrs Victoria Golay acting on behalf of Mrs Emma Bateman

Roles and responsibilities

As SENCO, Mrs Bateman is responsible for the coordination of special needs within the school. This includes the special needs policy and monitoring pupil progress and supporting planning for intervention when required. We regularly make contact with outside agencies that are able to offer more specialised advice.

The Code of Practice 2014 (Updated April 2020)

The children and Families Bill (2013) highlights the Government’s commitments to improve education for children with Special Needs including those who are disabled.

The new SEN system covers all children and young adults from Birth – 25. It gives children, young people and their carers greater control in decisions made about their how their needs are met.

A new Health and Care Plan replaces the old ‘Statement’ system extending the rights and protections to further education and beyond and offers families personal budgets so they have more control over the support they need.

It sets out to improve cooperation between services that support children and their families, requiring health workers and schools to work closer together.

It requires schools to publish a ‘local offer’ of the support they provide.

What is a Local Offer?

These are the services available at the school to support disabled children and children with lower level special needs and their families and also the options available to support families who need additional support to care for their child.

1. **Listening to and responding to children and young people**

Whole school Approaches 	Additional targeted support and provision 	Specialist individual support and provision 
<ul style="list-style-type: none"> Children make decisions about whole school matters and regularly participate in school and community events 	<ul style="list-style-type: none"> Children understand the next steps in their learning through discussion and marking feedback with their teachers 	<ul style="list-style-type: none"> Individual opportunities are planned around children’s interests and SEND needs Pupils views are an integral part

<ul style="list-style-type: none"> • We value and celebrate success in every child • Each class has a representative on the school council • Children are regularly given the chance to discuss their education through pupil conferencing 		<p>of TAC meetings, SEN and annual reviews</p> <ul style="list-style-type: none"> • Additional and different Individual targets are set to enable the children to achieve their next steps

FAQ's

1. How does St Merryn School know if a child needs extra help?

Indications, often from one of the following:

- Concern from a parent
- They will be placed on the 'On Alert' register by the class teacher
- Poor or limited progress
- A change in a pupils behaviour that is affecting progress

2. How do I know how St Merryn School will support my child?

- Every class teacher has the responsibility to ensure high quality first teaching, which will be planned by the teacher to ensure all work is differentiated so that each child's individual needs are met.
- Teachers will inform the SENCO of concerns as soon as possible and will usually place them on the 'On alert list' at this point
- Pupil Progress meetings between the SENCO, the Head teacher and the class teachers are held termly. All concerns will be reviewed at these meetings.
- Each child is reviewed termly against performance data. Progress is discussed with your child's teachers and support staff. All children who are at risk of falling behind their targets are placed on a class 'On alert' register, where they are closely monitored until the issues are resolved.
- On alert children might be given extra support during the day by the teacher or teaching assistants
- Children with more specific needs might be paced in small intervention groups for their needs. These intervention sessions will be run by a teacher or skilled teaching assistant. The intervention will be short and specific and reviewed regularly for it's effectiveness and to inform future planning. Intervention will continue until the child has reached their expected targets.
- If however, targets are not reached, occasionally the SENCO might move the child up to SEN Support and seek advice from outside agencies. Once a child is placed on SEN Support, the parents/carers will be invited in for termly meetings with the SENCo and the Class Teacher (wherever possible) and referrals might be made.

3. How will the curriculum meet my child's needs?

- All work is differentiated to ensure it specifically meets the needs of the child.
- Dedicated Teaching Assistants (TA's) are assigned to every class where possible.
- 1:1 and small support groups are run for specific intervention needs

- Children with more complicated needs, that may require outside support, will be placed on SEN Support register and class teachers /SENCO will meet regularly with parents (minimum termly)
- Specialist equipment, if required, will be purchased to support the child with their work

4. How will I know how well my child is doing?

- The school has an open door policy and all parents with concerns can expect to meet with their child's class teacher as soon as is mutually convenient.
- Termly parent/teacher meetings will be held to discuss your child's progress
- Occasionally the SENCO might decide to make a referral to an outside agency e.g. an educational psychologist. This will eventually lead to a series of assessments taking place. Parents will be kept informed at all stages of this process.

5. How will you help me to support my child's learning?

- At St. Merryn we set weekly homework and parents often support their children with this. In addition your child's teacher might be able to suggest extra activities that will support your child's learning.
- If outside agencies are involved in your child's education they will usually suggest intervention activities for the parents to do at home.

6. What support will there be for my child's overall wellbeing?

There is a wide variety of pastoral support available for all children who are suffering from both short and long term emotional difficulties:

- Your child's class teacher and dedicated teaching assistants are available at all times. In addition, the SENCo is available for pupils who wish to speak to them.
- Each class has an 'I wish my teacher knew' box for children to share incidents that are worrying them.

7. What about pupil with medical needs?

- At St Merryn we recognise that not all children are the same and that some children may have medical requirements within school hours. This can result in more intimate care or emergency treatment. These needs will be met by the appropriate staff.
- Staff members are first aid trained. Staff in charge of the EYFS children are all paediatric first aid trained.
- Where there is a medical need, the medicine will be stored in the school office or the staffroom refrigerator and a member of staff will administer the dose each day or as required. Parents must sign a form in order for staff to administer prescribed drugs. School will not administer 'over the counter drugs' such as paracetamol, unless on a residential trip.
- All emergency equipment e.g. Emergency injections are stored in a secure container and checked regularly to ensure the medicine is in date. Each child with a medical need is known to staff, who are appropriately trained, either 'in house', by the school nurse or in hospital. There is a plan in place for all such children, should there be an emergency.
- Children with medical needs are highlighted on the provision map and in the staff area.

8. What specialist services are available at/ or accessed by the school?

- Action for Children (Young carers)
- Early Help Hub
- CAMHS Child and adolescent mental health service
- Educational psychologist
- Educational Welfare
- Hearing support
- MARU multi agency referral unit
- Penhaligan's friends Bereavement support
- School nurse team
- Speech and language therapy

9. What training have the school staff had in relation to SEND?

- National Award for Special Educational Needs Coordination (Mrs Bateman)
- Speech and language (Speech and language difficulties)
- Sensory processing disorder
- Draw and talk (social/emotional)
- Phonics intervention
- Precision teach (maths and literacy)
- Trauma Informed Schools (TIS)

10. How will my child be included in activities that are outside school, including school trips?

- The school is fully inclusive and trips are available to all
- Where necessary a risk assessment would be carried out to enable a child to be able to participate
- If it was deemed necessary and 1:1 teaching assistant support was not considered enough, then a parent may be asked to accompany a child on the trip.

11. How accessible is the school environment?

- Disabled toilet with wide door
- Ramps to all buildings
- Disabled parking space

We are always happy to discuss access arrangements

12. How will the school prepare and support my child when joining St Merryn School or transferring to a new school?

- Discussions between both schools when joining and leaving
- Set up pupil passports for those children on the SEN support register to use on transfer
- Arrange additional visits to new school if required to aid smooth transition
- Pastoral support meetings between school and secondary transfer schools
- Transfer TAC meetings are arranged where there are several agencies involved in a child's care

13. How are the school's resources allocated and matched to children's special educational needs

- The school has a SEN budget which is used to purchase resources as required
- Additional support (intervention) is planned as required

14. How is the decision made about how much support my child will receive?

- These decisions will be made after consultation between the class teacher, the SENCO and the head teacher, usually as a result of the termly pupil progress meetings.
- As a result of assessments and recommendations made by outside agencies

15. How will I be involved in discussions about and planning for my child's education?

All parents are encouraged to take a full and active role in their child's education.

- Through discussion with the class teacher
- At termly parent teacher meetings and separate meetings for parents and children on SEN support.
- During TAC meetings and/or transfer meetings

16. Who can I contact for further information?

If you wish to discuss any concerns about your child's education please see either your child's class teacher or Mrs Brook for further advice.

Please do not hesitate to contact us if you have any further questions
